

ALL-DAY SEMINAR - SATURDAY: FEBRUARY 6, 2010

On Saturday, February 6, 2010, Dick Zingula will present a day-long seminar, "BIOLOGY OF CORAL REEFS", including Gulf of Mexico, Caribbean & Pacific. The seminar, fully illustrated with underwater slides & video, books, & specimens is designed to improve your awareness & understanding of reef plants & animals & how they interact, introduce you to some you missed seeing or didn't know what they were, & make your reef diving more enjoyable

The seminar will be held in rooms 6-8 of Bayland Community Center at 6400 Bissonnet, just west of Hillcroft. Come in at 8:45 am & we will have coffee & donuts (free!) waiting for you til the seminar starts at 9:00. There will be short rest breaks during the day & an hour lunch (NOT provided!) break, with the seminar ending at 3:30 pm. Reference books will be available for you to browse through, & specimens of some reef creatures will be there for examination, including some small ones to view through the microscope that will be there.

Cost of the seminar is \$10 - it includes the coffee & donuts, day long presentation, & an extensive handout on the various types of marine critters. Reservation is by payment. No refund after Jan. 15 unless there is a waiting list or you have a replacement. Maximum number of attendees is 40 person. Make check payable to "Houston Underwater Club" & mail it to: Dick Zingula, 5134 Lyubar Dr., Houston, TX 77096-5318 along with the sign-up form below. Call Dick at 713-721-1533 for more information.

Clip & mail part below - keep page top part for your information.
